How to make the transition from ISO 9001:2008 to ISO 9001:2015 ?

ISO 9001:2015 Introductory Course

The ISO 9001:2015 provides requirements to help your company demonstrate that you can offer to your customers consistent, good quality products, and services. It also provides a framework to help them streamline their processes and become more efficient at what they do. ISO 9001 can be used by organizations of all types and sizes.

This is the new ISO 9001:2015; where the changes are more flexible, concise and easier.
